# CERTIFICATION, VALIDATION, & REPAIR

Critical Environment Validation [balcontab.com](http://balcontab.com)

## Lab Safety CERTIFICATION, VALIDATION, & REPAIR

For over 15 years, BalCon has been ensuring the safety of people, equipment, and lab environments.

- Clean Room Validation
- Decontaminations
- H.E.P.A. Filter Replacement
- USP 797 Compounding Compliance
- NSF Accredited Biosafety Cabinet Certifiers
- Fume Hood / Laboratory Control Systems
- ASHRAE 110 Certification
- BSL-3 Certification

By meeting or exceeding all national standards, BalCon's Lab Safety Group has become the leader in comprehensive testing and certification for fume hoods and biological safety cabinets. Our custom designed programs are the perfect fit and can include worry-free certification, warranty, and on-site repairs for:

- Biological Safety Cabinets
- Laminar Flow Work Stations
- Fume Hoods
- Aseptic Compounding Isolators
- H.E.P.A. Filtration Systems
- Clean Rooms
